A.C.M.V., *voyez* C.V.M.A.

Birds
- capillaria in a canary, 74
- intramedullary fixation of a fractured humerus in a wild owl, 98
- toxic blue-green algae in Saskatchewan, 221

Blood
- case of cattle rustling: evidence from blood-group studies, 272
- fetal anemia and hypovolemia in swine, 61

Book reviews, 2, 30, 45, 69, 76, 84, 89, 99, 106, 115, 124, 125, 126, 131, 137, 249, 257, 258, 259

Bovine, *see* Cattle

Canadian Veterinary Medical Association
- greetings to C.V.M.A. (20th Annual Convention), 149, 150
- message du président à l'occasion du nouvel an, 1
- milestone, 101
- New Year's message from our president, 1

Canine, *see* Dogs

Cats
- *Bryobia praetiosa* (clover mite) infestation in a feline, 254
- pectus excavatum (funnel chest) in a feline, 279

Cattle
- arylesterase activity of milk from normal and experimentally infected bovine mammary glands, 230
- bovine hemorrhagic filariasis in cattle imported into Canada, 132
- case of cattle rustling: evidence from blood-group studies, 272
- correction chirurgicale du déplacement de la caillette à gauche, 269
- critical trials on the efficacy of thiabendazole against *Ostertagia ostertagi*, *Cooperia oncophora* and *Nematodirus helvetianus*, 57
- dermatophilus dermatitis (Streptotrichosis) in Ontario. I. clinical observation, 7
- dermatophilus dermatitis (Streptotrichosis) in Ontario. II. laboratory findings, 16
- elimination of dieldrin from beef cattle, 167
- étude de l'action bactéricide de quarte désinfectants dans le contrôle de la mammite bovine, 41
- experimental helminthiasis in parasite-free calves on marshland pasture, 46
- initial response of the bovine mammary gland to invasion by *Staphylococcus aureus*, 170
- inoculation of the bovine teat duct with *Staph. aureus*: the relationship of teat duct length, milk yield and milking rate to development of intramammary infection, 107
- lactation provoquée chez la vache, 242
- lightning stroke in livestock, 186
- l'importance des facteurs nutritionnels en pathologie de la reproduction bovine, 77
- livestock community sales programs in Ontario, 239
- ration evaluation and ketosis prevention, 191
- studies on the interrelationships between vitamin A intake and *Dictyocaulus viviparus* infection in calves, 199
- toxic blue-green algae in Saskatchewan, 221

Diseases caused by bacteria
- arylesterase activity of milk from normal and experimentally infected bovine mammary glands, 230
- bacteriological studies of poultry litter fed to livestock, 127
- *Escherichia coli* infections in early weaned pigs, 210
- étude de l'action bactéricide de quatre désinfectants dans le contrôle de la mammite bovine, 41

infection of ligated intestinal loops with hemolytic *Escherichia coli* in the pig, 90
initial response of the bovine mammary gland to invasion by *Staphylococcus aureus*, 170
inoculation of the bovine teat duct with *Staph. aureus*: the relationship of teat duct length, milk yield and milking rate to development of intramammary infection, 107
Mycoplasma meleagridis ("N" strain mycoplasma-PPLO): relationship of air sac lesions and isolations in day old turkeys (*Meleagridis gallopavo*), 138
possibility of producing tuberculin sensitivity by feeding poultry litter, 178
significance of some clostridial organisms in the livers of domestic animals at post mortem, 263
Diseases caused by fungi and molds
dermatophilus dermatitis (Streptotrichosis in Ontario. I. clinical observations, 7
dermatophilus dermatitis (Streptotrichosis) in Ontario. II. laboratory findings, 16
Diseases caused by metabolic disturbances
adreno-cortical insufficiency in a dog, 252
Diseases caused by viruses
new influenza virus infection in turkeys. I. isolation and characterization of virus 6213, 22
new influenza virus infection in turkeys. II. a highly pathogenic variant, 151
observations on the incidence of Newcastle disease in Barbados during 1953–1967, 245
outbreak of swine influenza in Manitoba, 275
transmissible encephalopathy of mink in Ontario, 193
Dogs
adreno-cortical insufficiency in a dog, 252
external Kirschner clamp fixation with intramedullary pinning for distal femoral epiphyseal fracture repair, 31
intramedullary Steinmann pinning of the radius in radial-ulnar fractures in the dog, 85
simultaneous bilateral coxofemoral excision arthroplasty in the dog, 70
preliminary trials for the use of lidocaine in cerebral angiography, 250
strychnine levels in tissues and stomach contents of poisoned dogs, 161
Domestic animals
significance of some clostridial organisms in the livers of domestic animals at post mortem, 263
Drugs
critical trials on the efficacy of thiabendazole against *Ostertagia ostertagi*, *Cooperia oncophora* and *Nematodirus helvetianus*, 57
estrus control in swine through management and by the oral administration of megestrol acetate, 116
lactation provoquée chez la vache, 242
preliminary trials for the use of lidocaine in cerebral angiography, 250
strychnine levels in tissues and stomach contents of poisoned dogs, 161

Equine, *see* Horses

Feline, *see* Cats
Fur bearing animals
survey of the gestation period and litter size in ranch mink, 103
transmissible encephalopathy of mink in Ontario, 193

Horses
case of atlanto-axial sub-luxation in a horse, 120
dermatophilus dermatitis (Streptotrichosis) in Ontario. I. clinical observations, 7
dermatophilus dermatitis (Streptorichosis) in Ontario. II. laboratory findings, 16

Laboratory animals
differential growth rate in male Mongolian gerbils (*Meriones unguiculates*), 237
Letters to the Editor, 100, 197, 258, 259, 283, 284
Lightning stroke
lightning stroke in livestock, 186
Litter
bacteriological studies of poultry litter fed to livestock, 127
possibility of producing tuberculin sensitivity by feeding poultry litter, 178

Mastitis
arylesterase activity of milk from normal and experimentally infected bovine mammary glands, 230
étude de l'action bactéricide de quatre désinfectants dans le contrôle de la mammite bovine, 41
initial response of the bovine mammary gland to invasion by *Staphylococcus aureus*, 170
inoculation of the bovine teat duct with *Staph. aureus*: relationship of teat

duct length, milk yield and milking rate to development of intramammary infection, 107

Nutrition
l'importance des facteurs nutritionnels en pathologie de la reproduction bovine, 77
ration evaluation and ketosis prevention, 191
studies on the interrelationships between vitamin A intake and *Dictyocaulus viviparus* infection in calves, 199

Parasites
bovine hemorrhagic filariases in cattle imported into Canada, 132
Bryobia praetiosa (clover mite) infestation in a feline, 254
capillaria in a canary, 74
critical trials on the efficacy of thiabendazole against *ostertagia ostertagi*, *Cooperia oncophora* and *Nematodirus helvetianus*, 57
experimental helminthiasis in parasite-free calves on marshland pastures, 46
studies on the interrelationships between vitamin A intake and *Dictyocaulus viviparus* infection in calves, 199

Pesticides
elimination of dieldrin from beef cattle, 167
les effets comparés des agents chélateurs sur la distribution du mercure organique et inorganique chez les porcelets, 142

Poisoning
les effets comparés des agents chélateurs sur la distribution du mercure organique et inorganique chez les porcelets, 142
strychnine levels in tissues and stomach contents of poisoned dogs, 161
toxic blue-green algae in Saskatchewan, 221

Poultry
bacteriological studies of poultry litter fed to livestock, 127
infectivity stability of Newcastle disease virus vaccine PD-113 under body heat, 189
Myoplasma meleagridis ("N" strain mycoplasma-PPLO): relationship of air sac lesions and isolations in day old turkeys (*Meleagridis gallopavo*), 138
new influenza virus infection in turkeys. I. isolation and characterization of virus 6213, 22
new influenza virus infection in turkeys. II. a highly pathogenic variant, 151
observations on the incidence of Newcastle disease in Barbados during 1953–1967, 245
possibility of producing tuberculin sensitivity by feeding poultry litter, 178

Quonundra, 165

Radiology
preliminary trials for the use of lidocaine in cerebral angiography, 250

Reproduction
estrus control in swine through management and by oral administration of megestrol acetate, 116
l'importance des facteurs nutritionnels en pathologie de la reproduction bovine, 77
survey of the gestation period and litter size in ranch mink, 103

Surgery
case of atlanto-axial sub-luxation in a horse, 120
correction chirurgicale du déplacement de la caillette à gauche, 269
external Kirschner clamp fixation with intramedullary pinning for distal femoral epiphyseal fracture repair, 31
intramedullary fixation of a fractured humerus in a wild owl, 98
intramedullary Steinmann pinning of the radius in radial-ulnar fractures in the dog, 85
pectus excavatum (funnel chest) in a feline, 279
simultaneous bilateral coxofemoral excision arthroplasty in the dog, 70

Swine
Escherichia coli infections in early weaned pigs, 210
estrus control in swine through management and by the oral administration of megestrol acetate, 116
fetal anemia and hypovolemia in swine, 61
infection of ligated intestinal loops with hemolytic *Escherichia coli* in the pig, 90
les effets comparés des agents chélateurs sur la distribution du mercure organique et inorganique chez les porcelets, 142
outbreak of swine influenza in Manitoba, 275

Vaccines
infectivity stability of Newcastle disease virus vaccine PD-113 under body heat, 189

Veterinary profession
suggested changes in veterinary education, 3
